ABOUT FULL CIRCLE HOUSE OF PRAYER

Full Circle at 2518 South Boulevard is a welcoming place for workshops and retreats. This eco-friendly house offers three bedrooms, two with single beds, one on the first floor next to a full bath and one on the second floor; the third bedroom on the second floor has a double bed. There is also a full bathroom on that floor. Up a spiral stairway from the reading room is the attic chapel. Art and crafts supplies are available; guitar, keyboard and folk instruments wait to be played! The gathering area on the first floor opens to the kitchen while nearby a sun room provides a lovely place to gaze out at a garden beautiful in every season. From the sun room a labyrinth calls out to be walked. A favorite spot is the main staircase whose tall window is filled with a view of a reflecting pond full of goldfish and aquatic plants nestled close to a rustic hermitage. Viewed from the same window is the 19th c. Victorian where Sisters Concepcion Gonzalez and Veronica Blake offer spiritual accompaniment, host small group meetings and tend to a lending library, cats and all the ordinary activities of daily life.
